EDUCATION

Bachelor of Computer Applications

Sri ParamaKalyani college, Alwarkurichi

06/2020 - 06/2023

CGPA (8.30/10)

Higher Secondary

St.Mary's Higher Secondary School

06/2018 - 04/2020

Percentage - 68%

PROJECTS

Waterfield (08/2023 - 11/2023)

- I used NodeJS to build the API, set up Jumpload login, and created a detailed Postman collection to map out the project flow. I also added automatic email notifications. Additionally, I created easy-to-understand architecture diagrams for the whole project, made Entity Relationship Diagrams (ERDs), and wrote multiple API documents, including sequence diagrams for various APIs.

Perfido (12/2023 - 03/2024)

- For Perfido, I employed Nest.js for the API and implemented Single Sign-On (SSO) login. I also integrated OTP email notifications and created a user-friendly Postman collection for testing purposes. Made high level architecture diagram to illustrate the project's structure. Additionally, Designed straight forward wireframe diagrams to guide the design process.

WORK EXPERIENCE

Internship

Icanio Technology

08/2023 - 03/2024

Tirunelveli, India

Description

- Proficient in Node.js, Nest.js, and React.js after six months of dedicated learning,
- Acquired expertise in high-level architecture, including the creation of sequence diagrams and ER diagrams,
- Skilled in utilizing API testing tools such as Artillery and JMeter to ensure robustness and reliability of backend systems.

Traniee

That's my child

12/2023 - 03/2023

Description

- I learned about HTML and CSS, and JavaScript.
- I created a static webpage. I was trained in the basics of Python.
- Attend english session.
